

**PETITION TO PROTECT THE PUBLIC FROM CELLULAR PHONE ANTENNAS  
AND OTHER WIRELESS TRANSMITTERS**

We, the undersigned, favor increased restrictions on the number and location of cellular phone antennas and other wireless transmitters. As a matter of principle, these facilities should never be placed in close proximity to residences, schools, hospitals, health care centers, daycare centers, senior centers, playgrounds or places of worship. We call upon our public officials to subject these antennas to full regulation under environmental protection laws and with full regard for the public's health and safety according to the latest, independent scientific research.
